LEGAL REVIEW: Abernathy, Roeder, Boyd, and Hullett, P.C.

Authority for this Action: CH (Local) Purchasing and Acquisition
CKE (LEGAL), House Bill 3 Security Personnel

The Board delegates to the Superintendent or designee the authority to make budgeted purchases for goods or services in accordance with CH (LOCAL). However, any single budgeted purchase of goods or services that costs \$150,000 or more, regardless of whether the goods or services are competitively purchased, shall require Board approval before a transaction may take place.

Summary / Background Information:

House Bill 3 amended Chapter 37 of the Texas Education Code in June of 2023 and requires the Board of Trustees of each school district to ensure that at least one armed security officer is present at every campus during regular school hours.

A security officer must be a school district peace officer, a school resource officer, or a commissioned peace officer employed as security. If the Board of Trustees is unable to comply with this section, the board may claim a good cause exception from the requirement to comply with this section if the district's noncompliance is due to the availability of funding or personnel who qualify to serve as a security officer. The Board of Trustees of a school district that claims a good cause exception, must develop an alternative standard with which the district is able to comply, which may include providing a person to act as a security officer who is a school marshal; or a school district employee or a person with whom the district contracts as a security officer who has completed school safety training provided by a qualified handgun instructor certified in school safety and carries a handgun on school premises in accordance with written regulations or written authorization of the school district under Section 46.03 (a)(1)(A), Penal Code. The district may also contract with a security service to provide commissioned security officers as defined by Occupations Code 1702.322. These individuals are not commissioned peace officers and are required to have completed Department of Public Safety Level II or Level III training courses.

Allen ISD claimed a good cause exception on August 28, 2023, based on lack of qualified personnel and developed an alternative standard to comply with this requirement. Due to the claim of a good cause exception, Allen ISD may enter a contract with a security service to provide armed security personnel at the campuses that do not currently have School Resource Officers. Those campuses would be the Allen ISD elementary schools and Anderson Early Childhood School that are not covered by School Resource Officers. This agreement would allow Allen ISD to provide armed security during regular school hours and meet the standards under the good cause exception outlined in House Bill 3. Upon approval by the Board of Trustees, L&P Global Security, LLC, which is a licensed security services contractor, can provide armed security personnel at these campuses that would commence August 1, 2024, at an hourly rate of \$32.28 per hour for time worked.

Total expenditure for the 2024-2025 fiscal year would be a Total Probable Cost of \$584,138. Allen ISD would utilize the \$360,000 received as part of House Bill 3 for armed security to partially cover the expense of this contract.

Administrative Recommendation:

Proposed Motion:

“Move to approve Security Services agreement with L&P Global Security, LLC for Allen ISD campuses not covered by the School Resource Officer Program for a Total Probable Cost of \$584,138 and authorize the administration to take action necessary to continue services for the 2024-2025 school year utilizing contract GSA #47QSWA22D008W.”
